

JUNE 2014

The Cadet Supporters' Group continues to rebuild itself with our first major back-to-back test this past weekend.

On Saturday, 16 Cadets and NCO's abseiled the Kangaroo Point Cliffs and the CSG organised a boat cruise and BBQ to follow... this was a highly motivating and successful event.

Then on Sunday we backed up to provide catering for the 10th BN Battalion Parade hosted on the main oval of SPS.

We had to provide breakfast, morning tea and lunch for approx. 180 Cadets plus their families and I'm pleased to report that our Group worked well as a team and I'd like commend Ash Stanke who stepped up to be the coordinator of this event for us and was the primary reason for Sunday's success.

The numbers were down on the 350+ Cadets that we were asked to cater for, but we are confident that with on-selling some of the left overs to a local swimming club and our regular Monday night Parade BBQ's, the group will return a small but significant profit for the day. More importantly though, it has helped initiate friendships and the 'bonding' process of the CSG has begun.

We would also like to acknowledge the assistance of Sarah Slade in coordinating the School's support and help with the FSUR.

We have circulated a Parent Questionnaire to our Cadet database to better update our (seemingly out-of-date) details and seek information from the parent group about their needs and what the SPS ACU does well... and not so well.

The Cadet Unit is also preparing to contribute to the activities of Imagin8 with the OC Lt Gertner currently preparing a program.

We meet the first Monday of each month at 7.00pm in the Cadet Shed and our next meeting is August 4th

With regards,

Paul Hardie
CSG President
