

Earlier this month, the NSG held their AGM and there was not much movement through the positions, in fact all of the same people remain in the executive team however we have had two more people join the general committee, which is fantastic. We will now have a break from meetings until the beginning of next year where we will start to plan for next year's netball season. We had a successful joint fundraising venture with the RSG (Holt Bolt) in September and we are open to more joint fundraising ventures in the future. We also had another fundraising activity on Sunday at the Bribie triathlon. Mrs Power went to the Samsung Cup in Toowoomba with 2 junior school netball teams and both teams came away with pleasing results.
