

Planning has started for term 2 sport with netball trials and selections commencing this past week. The Netball Captain has been announced, congratulations to Sarah Holliday, she will be a wonderful captain for the year. There is some plans for fundraising at home games with the barbecues and car wash on Gala Day. Kathleen Power is trying to organise some trial games for all teams. Again we have had an amazing response from players and will field teams in each age group with an A and B team (except for Year 10) and also a team in each year of the Junior School. The NSG is looking forward to another fun filled and exciting netball season.
