Discussion from meeting about ways to make dance more appealing in future – photo booths, DJ initiated games?

Perhaps at the end of year current Yr 11's could be canvassed for ideas for next year's dance.

Committee suggested that this year's dance to be promoted on electronic noticeboard in Week 2.

## **2. Options for fundraising** (as suggested by Kym McCoskar)

- \* 2nd Hand Uniforms/any used school items could be posted on the web page with contact details of seller. Strategy to collect money would have to be debated.
- \* Annual boot sale in Attunga St carpark; complete with bbq etc.
- \* Web page for selling any item (eg our own version of ebay);
- \* Professional business services could be advertised also;
- \* I think the school has loads of equipment which may be underutilised i.e. sewing machines; professional kitchens; coffee machines - why not have a few evening classes throughout the year.
- \* I've always thought a progressive board games night could be fun. Sort of like the trivia night but groups playing various board games i.e. pictionary, scrabble, chess, trivia etc. etc. Your team is dispersed over the various games and you swap places every so often to spice things up.
- \* Ballroom dancing lessons for the whole family! (Following the popularity of TV dance shows)

Discussion took place concerning above. Difficulty in gaining a core group of support in the way that other supporter's groups have (sporting teams/music groups and associated families etc). Kym offered to find out about ballroom dance coaches/options. It was decided that these options be revisited in later meetings.
