

## **Volleyball Supporters' Group.**

### **Presidents Report 24/10/17**

The volleyball season finished with our girls' first team completing a fifth premiership in a row. What a fantastic effort for our girls. We had several girls' premierships, which added to the success in the boys' season.

- We had a break up for the girls in the Walker centre which was well attended and a celebration of our success.
- Sunday 29/10 sees our end of year dinner and presentation evening, and the presentation of the shirts to our three teams travelling to Melbourne for the Australian Schools Cup.
- Three teams depart in early December for the Annual Australian Schools Cup, of which our senior girls were premiers last year. This year we send a girls senior team, a boys' senior team and a junior team.
- The committee stands solid toward the end of 2017, and with one further Holt Bolt fundraising activity, we hope to be able to finish the year in a financially strong position.
- This Sunday 29/10 sees our AGM, with five of the current committee standing down as their kids have completed the St Pauls journey. As the outgoing president, I would like to personally thank each and every committee member for an outstanding contribution toward the sport through the supporters group. I wish these members, and their children all the best for the future.

Kind regards,

David Fagan. President of the VSQ
